2. Annex II

Overview of national databases and other sources with learning opportunities

The following overview lists all sources received from 30 participating countries (31 replies) to the 'Review of information on Learning Opportunities on the Learning Opportunities and Qualifications in Europe Portal (LOQ)'. The survey was carried out between 28 January and 15 February 2019 and sent to members of the Europass Advisory Group and representatives of National Euroguidance Centres.

The sources include both public and private databases and are grouped according to the types of learning opportunities presented in the database.
